

Wet Elite®
Water Silicone Blended Lubricant™

Wet Elite® provides the perfect fusion between partners with a proprietary multi-silicone blend that feels sensually satisfying. This hybrid formula is a favorite of both men and women for use during foreplay, intercourse, or massage. Featuring the ultimate benefits of both water and silicone, Wet Elite leaves no sticky residue and wipes away easily with a damp towel. Wet Elite's luxurious feel was designed for those who love the ease of a water-based lubricant and enjoy the long-lasting silkiness of silicone.
