

Wet Organics® Organic Aloe Based Lubricant™

Wet Organics® is a unique, organic, aloe-based lubricant that is 100% natural. The combination of quinoa, hemp, flax, green tea, and oat extracts moisturize, protect and rejuvenate your most intimate areas. It is latex friendly and rinses away easily with warm water. Wet Organics will leave your skin feeling soft and supple and it can be used with most toys.

Features

- ✓ pH balanced
- ✓ Quinoa extract promotes skin elasticity
- ✓ Sodium Hyaluronate helps hydrate the skin and keep it moist and supple
- ✓ Glycerin and paraben free
- ✓ Ideal for foreplay, intercourse, and massage

Ingredients: Aloe Barbadensis Leaf Juice, Propanediol, Tremella Fuciformis (Mushroom) Extract, Gluconolactone, Sodium Hyaluronate, Chenopodium Quinoa Seed Extract, Cannabis Sativa Seed Extract, Linum Usitatissimum (Linseed) Seed Extract, Camellia Sinensis Leaf Extract, Avena Sativa (Oat) Kernel Extract, Hydroxyethylcellulose, Xanthan Gum, Sodium Benzoate, Potassium Sorbate, Citric Acid.

Usage and tips:

Get more out of Wet Organics by rehydrating the skin as the lubricant starts to dry. Keep a small spray bottle of water next to the bed. A cool mist of water helps to reactivate the lubricant while enhancing foreplay.

Sizes:

1oz 42204 3oz 42203
