

**Wet Uranus®
Silicone Anal lubricant™**

Boldly go to the unexplored with Wet Uranus® Anal Lubricant™. This unique formula is thicker to give long-lasting lubrication and extra cushioning and it is perfect for anal play. Uranus has a silky feel, is long-lasting, and latex friendly. Apply a generous amount of Wet Uranus before foreplay and intercourse for adventurous play and pleasure.

Features

- ✓ Thicker. silicone-based
- ✓ Works under water
- ✓ Guaranteed never sticky
- ✓ FDA Accepted Medical Device

Ingredients: Dimethicone, Cyclopentasiloxane, Dimethiconol, Phenyl Trimethicone.

Usage and tips:

Lubrication is the most important ingredient for anal pleasure because the anus has no natural lubrication. Generously lubricate the anus before insertion and frequently throughout anal play to prevent friction or irritation. Sexual stimulation of the genitals will help relax the muscles in the pelvic floor and add to the pleasure of anal sex. Take your time and be patient. Communicate with your partner. Anal play should never cause pain.

Sizes:

1oz	35001	3oz	35000
5oz	35004	9oz	35002
