

WET® Antibacterial Vibe Wash™

We've all been taught to clean our toys when we're done with them, and those used in the bedroom are no exception. WET® Antibacterial Vibe Wash™ is the gentle choice to extend the life of your favorite toys, and ensure they stay fresh and clean. This formula is safe to use on most toy materials, including rubber, silicone, latex, realistic materials, jelly rubber, plastic, metal, and glass. With so many wonderful features that do the work for you, all that's left to do is play on!

Features

- ✓ Non-Greasy, Alcohol-Free
- ✓ Gentle Cleanser
- ✓ Friendly with Most Toy Materials

Ingredients: Water, Lauryldimoniumhydroxypropyl Decylglucosides Chloride, PEG-8, Polysorbate 20, Stearyldimoniumhydroxypropyl Laurylglucosides Chloride, Phenoxyethanol, Caprylyl Glycol, Hydroxyethylcellulose, Pentylene Glycol, Citric Acid, Fragrance.

Usage and tips:

Remove toy batteries, if applicable. Generously apply WET® Antibacterial Vibe Wash™ to entire toy surface. Allow toy wash to sit for ten seconds, then wipe with a damp cloth. Rinse toy surface with warm water, being careful not to get battery compartment wet, then allow toy to air dry. To extend toy life, cleanse toy after each use and follow manufacturer's recommendations for care and storage. Store at room temperature.
